BIVENS'S STATEMENT OF CLAIM UNDER CORPORATE ENTITY

There extreme levels of 'OVERBOARD' and inhumane treatment, because of unpopular political views I said in the news media against the system, behind my nephew MARCO LONEY being unlawfully shot in the back (1995); not because of a crime; after years of retaliation, such as reducing to "beggardry" which led up to the following situations.

R.P.D. 2002

I. I am the victim of an illegal search and seizure from 2002 July the 5th, based off of an Invalid Search Warrant. Captain Drew and Officer Hixson with other officers pushed their way into an apartment and used coercive tactics to gain control of the premises. This misconduct came back to hunt ~~me~~ me in 2006 which was based off of false pretenses. I legally defeated this case in 2002 on a rolle proseyi.

R.P.D. 2006

II. In 2006 December the 8th I am the victim of an "Illegal Terry Stop. I didn't know who the police were. A dark color car got in aggressively behind me, I heard a gun shot, so I took off because I didn't know what to think of this car driving behind me like it was doing. I had an accident, and was severely beaten by the police before I was handcuffed and after I was handcuffed; and at the emergency room I was beat some more while floating in and out of consciousness after being administered several rounds of smelling sauce to be questioned after being in a major accident which proved to be too much for my heart and had to be rushed into an intensive care unit once a doctor walked up and screamed on the medical staff and police about why haven't this man been placed on high alert. I said thank God!, and started shipping away as the sounds of the machine monitoring my heart started beaten

Judge Cheeks said I could call my attorney and I was denied at court by Lt. Jeffries of Sheriff Dept.

faster. The very same doctor whoever he was screamed into my subconscious "Don't you do that!!!" And that's the last thing I could recall after that wild night, besides the fact of the officer asking me who was driving the car and then tearing my gold tooth out of my gums and leaving it hanging by a thread. One of the Sheriff's deputies told his mother over the hospital phone he wouldn't piss on me to put out the flames if I was on fire in a hospital room right after I was released from the Intensive Care Unit. The nurse had to loosen leg irons, which were being used as weapons that cut me to the bone; 3 days later. I have a permanent mark as a result of this sadistic behavior. (She asked the Sheriff's deputy ^(to loosen the leg irons) rather which was a different one from the one used the verbal abuse.) The State Trooper's Supervisor came to visit me and took pictures of my body. Captain of Jailhouse Operations and the Captain of Records Dept. of the Richmond Sheriff's Office came to interrogate me together. I asked on numerous occasions throughout my stay; "Can I contact my family or call me a lawyer;" at the hospital. (While I was in the hospital being denied writing material, phone calls and a visit from my later on Co-Defendant, the police were constructing a plan to shield theirself from prosecution with tainted evidence, lies, and witness tampering. If the paramedics hadn't responded to the accident I would be either dead or at the Richmond City Jail in critical condition awaiting death, because nobody knew where I was at.) I was released from the hospital too early to be prosecuted on trumped up charges; my body was still messed up. The Sheriff's Office promised me proper medical care in a cozy environment

R.C.J. III.
2006-2007

I was stripped of tooth paste for about a month and this rotted my mouth causing the loose tooth to come out. I could have bought tooth paste, jail officials were cruel, and all the phone calls I wanted, which was a lie. (Richmond City Jail. On my way from the hospital the deputy slammed on brakes and caused me to fly in the air and slam into the partition going down a steep hill and he never filed an incident report about it (him ~~not~~ the other officer). I was put in a 9 foot by 4 foot cell (solitary confinement) for 6 months at the Richmond City Jail. (and 1 month at Northern Neck Regional Jail)

The Richmond City Jail denied me commissary, grievances, recreation, medication, phone pin number (had to use other inmates pin # because the phone man deactivated mine's right after he cut it on), a no-meat tray (I'm vegetarian and this malnourished me), more than one visitor on my list, law library (until I got indicted on federal charges April 18th, 2007 which didn't get served on me until June 4th, 2007.), underwear (including socks and T-shirts), and therapy for my physical health. I was exposed to unsanitary conditions such as urinated, feces and bloody floors (and what appeared to be tampons or sanitary napkins) from the daily flooding of cells on occasions (sometimes everyday, 3 or 4 times a day which this water would set for hours sometimes all night long or wee hours of the morning. I was also sent to court during the outbreak of Nora Virus (because of a deadline in my case) and a quarantine was declared right thereafter and a freeze put instantly on all court proceedings. I was exposed to 6° and 7° degree temperatures of biting cold by cruel deputies who would open the windows to keep me from studying and writing on any thing I could salvage from other inmates with a small pencil I had to hide until an inmate gave me a pen while going to court. (All of this material

was later confiscated from me by the A.T.F. and I haven't seen it since. It was later turned over to my attorneys in whom to refuse to give me my legal material or mail it to where I told them to mail it; simply because they have implemented themselves due to their own callousness, reckless, and wanton behavior.) I had to eat bread and water during Nora Viras because we were bag lunches with meat sandwiches. Sometimes they would give us a cheese sandwich and a meat sandwich with a cake and bag of chips. But it was nothing for them to give me just a meat sandwich and water to see me suffer and laugh and say I have what everyone else has. The Richmond City Jail literally starved me to the point of malnutrition. I was denied medical treatment and follow up care with M.C.V. for my clinicals. I was stripped of handicaps (wheelchair) and forced to drag the walls and floor falling down while going to court which caused me further injury, pain and misery. On occasion they would give me a ^{attorney's legal assistant} unindented wheelchair to go to attorney visits (my ^{attorney's legal assistant} smelled the odor from this chair and had no complaints of it when I fussed to him about it. Dontae Bugg (legal assistant) said I had bigger problems to worry about. My attorneys were aware of all this). I had constant head, back, neck, chest pains that continue to bother me until this very day; plus loss of feeling on the left side of my body. I experienced mail tampering from the Richmond City Jail all the way til this very day. I was ignored by deputies at the Richmond City Jail for the first couple of months when I would complain about pain or civil violations; the cold windows

would fly open with windchill factors below zero all night long again say. They had me falling down stairs and would simply put me to bed and not report it. The only time something got reported was when they were ignoring me one morning right after I got out of the hospital and didn't have any medications for my pain; and was being dragged to court all week. I lost feeling on the left side of my body and started having bad muscle spasms and couldn't move. I layed there for hours until it got on one lady sheriff deputies nerves and she made an alert over the entire jail, in which they told her they have to keep things like that on low. But she panicked and they had to take me to M.C.V. because everyone was aware throughout the jail. They were keeping a tight lid on my situation. This was a very distressful situation. Someone committed suicide right next to me because of the level of mistreatment that was going on in this particular building and tier. I couldn't take a shower for 4 months because I was forced to wear a neck brace for 7 months; and I couldn't risk getting sick with the windows during the cold weather. I was under strict orders not to remove my neck brace for no one until I went back to M.C.V. for clinicals. "Do I make myself clear!" is what the doctor said, Don't remove it for anybody, I don't care who they are; not even to take showers," the doctor said when I was being released from the hospital. I was the only one with a medical situation and no disciplinary infractions confined on this deplorable tier

for 6 months on a 24 hr. a Keeplocks without exercise. They (R.C.J.) started giving me recreation 4 months later along with commissary and law library. (It's all in my notes that my attorney Murray J. Janus has with dates, times, and names.) The rest of the medical tier were moved to A-3 Left (a tier with a color T.V. and cable, radio, open cells for exercise and plenty of medical treatment with the nurses and staff spoiling them with candies). People with medical problems would be moved to A-3 Left as soon as a bed came available, but not me because staff had a sadistic animus for me. For instance, my picture was posted up all over the jail with a "busted" sign on it (the first ever). I was interrogated at the Richmond City Jail, Richmond City Lock-up and the Hospital and I kept asking for a phone call to my attorney. The A.T.F. Agents who confiscated my legal material and property said he would snap wrist like a twig with his "special handcuffs" that is not regular handcuffs and designed to do that if I make any funny movements while taking possession of my property and legal material; and I told him he can't take my legal material. My legal material talks or consist of issues like me not being able to be present at my own bond hearing on January 11th, 2007 and how I became a victim of selective and vindictive prosecution because my attorneys didn't make me aware of or give me my discovery material until a ^{almost} month after my preliminary hearing which defeated the purpose. And how I was forced to sign a plea agreement with the Federal Government

after I turned down an unwritten offer of being charged with a knife (misdemeanor) and eluding the police (felony), because I knew these proceedings were full of misconduct and couldn't be trusted. They wanted me to say the drugs were wherever they wanted them to be including the drugs that they added. So as a result I was duped into signing a plea agreement with a threat of life imprisonment written all over it with the Fed even though my Co-Defendant Simone Sapp was charged with Conspiracy to sell cocaine and I was charged with possession with intent to distribute. I entered Northern Neck Regional Jail's medical solitary confinement on June 4th 2007 after leaving court with no attorney present that day. I was denied pain medication for about 10 months until after sentencing and Judge Payne recommended meds after ~~sentencing~~ I expressed pain. I was denied my medical records at Richmond City Jail and Northern Neck Regional Jail (which I went through the grievance procedure at N.N.R.J. I'm currently working on getting this paperwork.) I slipped in the shower at N.N.R.J. because the handicap shower was never mentioned and it is off limits due to flooding and this reinjured me again with worse problems like my ribs felt broken for months. I kept complaining and the Marshall's came to pick me up to get X-Rayed several days later. Later on at N.N.R.J. nurse slammed the ~~stall~~ steel pill tray slot door on my fingers after giving her the cup back for water for my medications; purposely hurting me. Saying, "I tell people to keep their hands out of my pill slot with a nasty attitude."

N.N.R.J. IV.

2007-2008

6-4-07

2-19-08

My mail was tampered with at N.N.R.J. too.

As said before, I was entrapped into signing a plea agreement, after being threatened with life imprisonment based off of a defective indictment loaded with threats of double jeopardy and quadruple jeopardy if you include the enhancements. I was duped into signing the plea through a highly skilled brainwashing scheme of subornation of perjury.

V. My hometown Danville, Virginia is even partaking in this conspiracy, by issuing a capias which is vindictive prosecution and abuse of writ and malicious abuse of process that unlawfully threatens further prosecution and has me sitting at a higher custody level than I suppose to be at because of false report of escape by a Danville Police Officer in which I was never in his custody, back in 1991.

VI. I have been denied adequate medical assistance for almost 2 yrs straight. F.C.C. Petersburg Medium ^{staff} has been repeating a pattern of some of matters mentioned such as: denying adequate medical assistance, throwing me in the S.H.U. (Special Housing Unit) for no reason, after I had an accident coming down a steep incline from the Dining Hall and blacking out in the rain from stress, and pain of my situation, and retaliation for filing administrative remedies. I was stripped of my medications, neck brace, wheelchair, and freedom, and meals while in the S.H.U.. I was never given a reason as to why. I also was stripped of my property, legal material

law library and dignity because I was forced to lie in the same position without food or drink for 4 days because I was in so much pain and couldn't get 10 feet ~~on~~ 12 feet across the floor to my food without my chair (wheelchair). I was dropped in the floor while bound in chains on 5-23-08 by Dr. Rice and P.A. Hadded. An officer and another P.A. witnessed. When I fell Dr. Rice said "let him crawl back to the unit" when P.A. ~~said~~ Hadded said what do we do with him now. ~~while they were taking blood~~ I was there for blood work that day. My accident happened (falling out of the wheelchair) on 5-16-08 at breakfast time. I told Lt. Palmer and another officer about Dr. Rice's comments on 5-23-08 the same day. I told Lt. Hicks I wanted to file an incident report on Dr. Rice and P.A. Hadded dropping me in the floor and he told me he filed it on 5-27-08 and someone from S.S.I. will be to see me about it. (S.S.I. never came to investigate it.) Mind you my wheel chair was given back to me on 5-23-08 because of that incident I believe and so I could eat my food and get better. Mind you, my chair was stripped from me once again on May, 28th 2008; (but I did make it to the law library once while in pain to research this madness on a Sunday) after I asked to file an incident report. I had to sleep in the floor with a mattress to get my food ~~urinate~~ and ~~urinate~~ in a cup and

clean up feces. Dr. Shah, Captain Evans, and Warden Stansberry said I was to perform an excruciating physical therapy on myself and couldn't leave S.H.U. until I was able to walk out of there with a walker. (Now Richmond City Jail let me use a walker about 4 or 5 months later to try to build myself up, in which I kept falling with it and injuring myself). It just seems as though my situation kept getting worse as time evolved because I wasn't getting physical therapy, M.R.I.'s and properly seen by a neurologist as requested ~~by~~ before the accident of May 16th, 2008; along with wheelchair stirrups and an inmate companion. I received wheelchair stirrups and blood pressure medicine after the 5-16-08 accident and me getting out the S.H.U. after contacting Senator Webb and filing a Tort claim about these matters (Tort was sent off 6-3rd 08) Senator Webb got my medical records and my blood medicine in September. (Medical Records came in August because F.C.C. Petersburg Staff knew I was writing the Senator and opening my mail from him outside of my presence. I tried to tell Dr. Rice back on 3-21-08 that I was beat like Rodney King by the Richmond Police Dept. after a major accident on 12-8-06 and I would fall when he screamed on me and told me to get up and walk and then he shut the door in my face. I have never seen a doctor

act in such an unethical manner. This kind of attitude is what led up to the chain of events mentioned already with plenty of reprisals, humiliation, and apathy from staff. I told staff if I had an inmate companion then the accident wouldn't have ^{happened} on the 16th of May 2008.

I humbly ask the court to please bare with me I did the best that I could due to the fact my property and legal material are in different locations. I thank you in advance for giving me this opportunity to be heard. I'm in the process of filing a civil investigative demand. Have a blessed day

Sincerely Yours,
Kirk L. Loney
